

Safety, Health, Environmental and Quality Policy

Copper Cables & Connectors (Pty) Ltd established in 1990, specialises in the manufacture, supply and repair of Water-cooled Furnace Cables, Air-cooled Furnace Cables, Water-cooled Resistance Welding Cables, Flexible Connectors, Copper Braid, Earth Sock, Cotton Covered Strand, Lugs, Ferrules, Battery Connectors and other related copper products. We aim to maximise the benefit that our products hold for customers, employees, and partners. Therefore, we strive to do our daily tasks in a way that conforms to the requirements of relevant standards, regulations, legislation and other applicable requirements. **Copper Cables & Connectors** will implement and maintain an integrated Safety, Health, Environmental and Quality (SHEQ) management system that complies with the requirements of international standards.

Due to changing business needs, **Copper Cables & Connectors** is committed to continual improvement in the SHEQ performance of our operations. Therefore, leadership is committed to ensure the availability of required finance, resources and skills to achieve defined SHEQ objectives.

Copper Cables & Connectors undertake to ensure that our management system is developed, documented, implemented, communicated and maintained in a manner that is both understood and effective at all levels in our business, to enable us to:

- identify, assess and manage the significant business risks to “all stakeholders”; strive to achieve leading industry practice and recognition;
- meet and, where appropriate, exceed applicable legislation;
- define our SHEQ objectives and targets (including reducing and preventing pollution) and continually measure and monitor our activities and progress against our objectives;
- lead and develop our people and provide resources to achieve our targets;
- support the fundamental human rights of employees, contractors and communities in which we operate and safeguard them from exposure to unacceptable risk;
- minimise the impact of our operations on the environment through control of pollution, waste, hazardous materials and the conservation of natural resources;
- design processes that ensure cost effective and quality product / service provision; advise on the responsible use of our products; and
- Ensure that all activities are directed to meet and exceed customer expectations.

Copper Cables & Connectors will regularly review our progress and communicate results with all stakeholders in order to enable a relationship based on honesty, openness and mutual trust. In engaging them, we will share with our stakeholders the responsibility for meeting the requirements of this policy.

B. CHERRY
MANAGING DIRECTOR
